

# Don't Say Make Me

Coney Hatch

Something's gotten into you  
I don't need to be told  
'Cause I remember other days when  
You wouldn't be so bold

You don't fool me  
No, you don't fool me  
You don't fool me  
No, you don't fool me

Suddenly you're mad as hell and you  
Think that I'm to blame  
Don't push 'cause I'll tell you now  
I can beat you at your own game.

Don't say make me  
'Cause I will, I'll make you  
Don't you lean on me too hard  
Don't say make me  
'Cause I will, I'll make you  
Don't you push me in my own yard

Breaking this rubbish that  
Spoiled for all to see  
I know you for the alley cat that you  
Show yourself to be

You don't fool me  
No, you don't fool me  
You don't fool me  
No, you don't fool me

I know threats don't mean too much  
To someone wild like you  
Don't worry I'll make it hot  
You'll sweat before I'm through

Don't say make me  
'Cause I will, I'll make you  
Don't you lean on me too hard  
Don't say make me  
'Cause I will, I'll make you  
Don't you push me in my own yard

Don't say make me  
'Cause I will, I'll make you  
Don't you lean on me too hard  
Don't say make me  
'Cause I will, I'll make you  
Don't you push me in my own yard

Don't you push me  
Don't you push me  
Ooh, yeah
