

# Queen Of Memphis

## Confederate Railroad

I hitchhiked up to Memphis, a young boy in my prime  
I thought that big old city could ease my Georgia mind  
After just one hour, I met this Southern girl  
She said, "They call me the Queen of Memphis"  
And then she took me around the world

I saw stars dancing on the water  
I heard Elvis singing "Blue Suede Shoes"  
That old muddy river was my witness  
The night I fell in love with the Queen of Memphis

I woke up the next morning a prisoner of her charms  
She showed me things, I'd never seen back there on that farm  
She set my soul on fire, she completed all my dreams  
A boy became a man that night in the arms of the Memphis Queen

I saw stars dancing on the water  
I heard Elvis singing "Blue Suede Shoes"  
That old muddy river was my witness  
The night I fell in love with the Queen of Memphis

Just like that old man river  
She keeps rolling through my mind  
And you know I won't forget her  
'Cause she was one of a kind

I saw stars dancing on the water  
I heard Elvis singing "Blue Suede Shoes"  
That old muddy river was my witness  
The night I fell in love with the Queen of Memphis  
I am still in love with the Queen of Memphis
