

## Law & Order

### Conflict

No more law & order, that word says it all. It's Just one human  
being  
Denying another of self rule. The police ain't authority for al  
l they do Is  
Serve the state, they do their dirty work to make the people le  
arn, they  
Interrigate, discriminate, smash demos and assault, they sort o  
ut all queers  
And keep the wogs locked ina vault and they're here for protect  
ion but  
Protection for who? They all wear that same badge that says FUC  
K YOU ALL  
Oh yeah, they're here to maintain rights, they're here to keep  
the peace.  
They've also got a right to lock up and not release any form of  
rebel.They'll  
Even work against their own, because they bribe them very well  
and they may  
Also get a home. Protect their privelage no matter what the cos  
t, now you're  
Piggy in the middle and they couldn't give a toss. They shit ba  
ck and laugh  
Yes they laugh at you too, because they also wear a badge that  
says we use  
You!, It's Just the same old story of a state gone wrong, where  
possessions  
Matter and people don't be surprised that we've turned against  
you because if  
You take their side, it's FUCK YOU TOO!
