Make A Wish

Conjure One

You can close your eyes it's over now It's over now You can close your eyes it's over

Baby, baby, baby, make a wish Tell me have you ever been afraid like this It's over n-n-ow

I-I-I've seen it watching me
That misty thing without a face
It weaves my thoughts lined them up in black lace
It buries my shape and leaves no trace

Tomorrow I will have no shame And I will start again

Make a wish Tell me have you ever felt alone like this O-o-over now

Better do it, sure Just wishing I could move in some more

Tomorrow I will have no shame And I will start again

Make a wish You can close your eyes, it's over now Baby, I have never been afraid like this You can close your eyes, it's over now

[Incomprehensible]

I took off my shoes I took off my face And then I undid the buttons on my dress I will start again

Make a wish You can close your eyes, it's over now Tell me have you ever been exposed like this You can look into your mind

Baby, baby, feels like a kiss You can close your eyes and start again I bet you never thought that I could feel like this

Tomorrow I will have no shame Tomorrow I will have no shame Make a wish
