```
I know it's late
I shouldn't call at this hour
But it's my fate
I need lips to devour
My nervous system is shot alright
I won't sleep unless you
Sleep with me tonight
Deep with me tonight
I know it's late
We've known each other awhile
I can't wait
To see your twisted smile
Kindred spirit of candle light
I won't sleep unless you
Sleep with me tonight
Deep with me tonight
And my thought to my saint
I'm so tired but I faint
Sleep with me tonight
Sleep with me
Sleep with me tonight
Sleep with me tonight
Drown out the machinery in my head
Bring your peace of mind to my bed
Without sleep there are no dreams
Without dreams we fall apart at the seams
Kindred spirit of candle light
I won't sleep unless you
Sleep with me tonight
Deep with me tonight
And my thought to my saint
I'm so tired but I faint
Sleep with me tonight
Sleep with me
Sleep with me tonight
Sleep with me
Sleep with me
Sleep with me
Sleep with me
Sleep with me tonight
Sleep with me
Sleep with me tonight
Sleep with me
Sleep with me
Sleep with me tonight
Sleep
```
