

The distance

Conjure One

Marry the distance Marry the light 'Cause what is this notion You and I?

Marry the distance Quiet the minds Sense a devotion To something inside

This isn't a place This isn't a hunger This is a state of mind
A state of wonder

This isn't a place This isn't a hunger This is a state of mind
A state of wonder

So marry the distance...

This isn't a place This isn't a hunger This is a state of mind
A state of wonder
