

Zephyr
Knowing you is a pleasure
But I hear the storms
Calling me
Calling me
Zephyr
They're calling me

Bring on the fire
Bring on the ice
Give me all you got
I'm through rolling dice
Steady my pulse
Steady my mind
Once I make my play
There's no rewinding
So bring on the fire
Bring on the ice
Give me all you got
I'm through rolling dice
Steady my pulse
Steady my mind
Once I make my play
There's no rewinding

Zephyr
A taste would be like heaven
I'll fight the fight
To feel you once again
Again, again, again, again

Bring on the fire
Bring on the ice
Give me all you got
I'm through rolling dice
Steady my guns
Steady my mind
Once I make my play
There's no rewinding
So bring on the fire
Bring on the ice
Give me all you got
I'm through rolling dice
Steady my guns
Steady my mind
Once I make my play
There's no rewinding

Bring on the fire and ice
Bring on the fire and ice
