

Zephyr  
Knowing you is a pleasure  
But I hear the storms  
Calling me  
Calling me  
Zephyr  
They're calling me

Bring on the fire  
Bring on the ice  
Give me all you got  
I'm through rolling dice  
Steady my pulse  
Steady my mind  
Once I make my play  
There's no rewinding  
So bring on the fire  
Bring on the ice  
Give me all you got  
I'm through rolling dice  
Steady my pulse  
Steady my mind  
Once I make my play  
There's no rewinding

Zephyr  
A taste would be like heaven  
I'll fight the fight  
To feel you once again  
Again, again, again, again

Bring on the fire  
Bring on the ice  
Give me all you got  
I'm through rolling dice  
Steady my guns  
Steady my mind  
Once I make my play  
There's no rewinding  
So bring on the fire  
Bring on the ice  
Give me all you got  
I'm through rolling dice  
Steady my guns  
Steady my mind  
Once I make my play  
There's no rewinding

Bring on the fire and ice  
Bring on the fire and ice
