Gonna Git That Man

Connie Francis

Into my room he creeps Without making a sound Into my dreams he peeps With his hair all long and hanging down

How he makes me quiver How he makes me smile With all this love I have to give him I guess I'm gonna stay with him awhile

She brushes the curls from my eyes She drops her robe on the floor And she reaches for the light on the bureau And the darkness is her pillow once more

How she makes me quiver How she makes me smile

With all this love I have to give her I guess I'm gonna stay with her awhile

How it makes me quiver How it makes me smile With all this love I have to give you Guess I'm gonna stay with you awhile

How it makes me quiver How it makes me smile With all this love I have to give you Guess I'm gonna stay with you awhile

Stay with you awhile

I guess I'm gonna stay
