Uru, uru achim
Uru achim belev sameach
Uru achim belev sameach
Uru achim belev sameach
Uru achim, uru achim, uru achim belev sameach
Over the valley voices are singing, bells are ringing
Dance, everyone dance
Come to the valley, run through, the clover harvest is
over
Dance, everyone dance
Dance where the corn is high under a golden sky
Dance where the one was born
Dance, everyone dance
Whirl and turn about, lift off your armes and shout
Join hands and skip along
Dance, everyone dance
Turn left, turn right, hold tight
Lift your feet, the hearts will follow
Lift your voice to the hollow
Spread your wings like a swallow
Fly away, greet the day
Dance, dance, everybody dance
Havah neranena, havah neranena, havah neranena venis
mecha
Havah neranena, havah neranena, havah neranena venis
mecha
Uru, uru achim
Uru achim belev sameach
Uru achim belev sameach
Uru achim belev sameach
Uru achim, uru achim, uru achim belev sameach
