

## Jealous Of You (Tango Della Gelosia)

Connie Francis

Your eyes may thrill me with gladness  
And tell me you`re true, dear  
Yet thoughts still fill me with sadness  
And what can I do, dear?

I wonder if you are free  
I wonder if you are free

Do you belong just to me?  
I`m always jealous of you, dear  
I`m not to be  
I am jealous of you, darling

Why am I so jealous, darling?  
Sad are the fancies that throng  
Through my heart everyday  
Lest someone else come along

Who can steal you away  
All your beauty I would own  
I would have you mine alone  
Fear that someday we may part

Still consumes me with pain  
What would become of my heart  
If I loved you in vain?
