

No Other One

Connie Francis

No other one can take your place
'Cause in my heart there is no space
I locked my heart and gave you the key
No other one, beneath the sun
Means that much to me.

My love is yours to have and hold
I wouldn't trade vows I made
For silver and gold

No other hand will cling to mine
For other girls I have no time
Although I'm free and my heart is young
I'll give my love, I'll give my hand
To no other one

My love is yours to have and hold
I wouldn't trade vows I made
For silver and gold

No other hand will cling to mine
For other girls I have no time
Although I'm free and my heart is young
I'll give my love, I'll give my hand
To no other one
