Young Love

Connie Francis

They say for every boy and girl There's just one love in this whole world And I know I've found mine The heavenly touch of your embrace Tells me no one could take your place Ever in my heart

Young love, first love Filled with true devotion Young love, our love We share with deep emotion

Just one kiss from your sweet lips Will tell me that you love is real And I can feel that it's true We will vow to one another There will never be another Love for you or for me

Young love, first love Filled with true devotion Young love, our love We share with deep emotion
