

## Go Away Stranger

Connie Smith

My love is not within my reach and so I want this lonely beach  
But stranger please don't bother me I don't want your sympathy  
Go away stranger can't you see you're only disturbing me  
And my memories of yesterday so stranger go away

Are my tears entrancing you well I don't remember inviting you  
There's nothing you can do or say you're not like him in anyway  
Go away stranger  
Please stranger go away
