## **Go Away Stranger**

## **Connie Smith**

My love is not within my reach and so I want this lonely beach But stranger please don't bother me I don't want your sympathy Go away stranger can't you see you're only disturbing me And my memories of yesterday so stranger go away

Are my tears entrancing you well I don't remember inviting you There's nothing you can do or say you're not like him in anyway Go away stranger

Please stranger go away
