

Gotta Lotta Blues To Lose

Connie Smith

Gotta lotta blues to lose yes by now you've heard the news
Cause it's all over town that you've made me a fool and a clown
Gotta lotta blues to lose and I'm wearin' out my shoes
Just to walkin' around in this lonely ole town gotta lotta blues
to lose
I don't know where to start pickin' up my heart
You've shattered it in little bitty pieces
I gotta lotta tears to cry a lotta memories that must die
And if I take it slow I'll forget you I know gotta lotta blues
to lose

I don't know where to start
I gotta lotta blues to lose I gotta lotta blues to lose
