

# I Don't Know Why I Keep Loving You

Connie Smith

I know the sun will rise tomorrow morning  
When morning comes I know it brings the dew  
I know a storm can come without a warning but I don't know why  
I keep loving you  
I know that you can't help these things you're doing  
Oh you don't mean to hurt me yet you do  
I know if this keeps on you'll be my ruin but I don't know why  
I keep loving you  
I keep waiting for the change that never seems to come  
The change that will make you love me too  
But I know from your past there'll be no changing I don't know  
why I keep loving you  
I don't know why I keep loving you
