

I'll Never Get Over Loving You

Connie Smith

Ever since the day you said goodbye and walked away with someone new
I can't be happy I just sit and cry I'll never get over loving you
I have always been so happy with your love I've been true I'll swear by stars above
Now you tell me you and I are through but I'll never get over loving you

No one else could ever take your place I've tried going up with one or two
But each time I look at them I see your face no I'll never get over loving you
I can't figure out just what it is I've done did I ever make you cry or make you blue
But it be you found someone you think that you could never get over loving too
