

It Comes And Goes

Connie Smith

Everybody asks me if I still love you and if you're still on my
mind
They ask me to tell 'em bout my broken heart I tell 'em that I'
m feelin' fine
I lie a little bit and I proudly say our book of love is closed
And your memory seldom bothers me and when it does it comes and
goes
It comes and goes all right it comes every morning and it goes
all night
I say with lotta pride and I haven't really lied I just tell 'e
m that it comes and goes

Everybody asks me if I cried when you left and if I've cried fo
r you since
They hope I have so they can all get together and laughin' up a
t my expense
So I lie a little bit and I proudly say not one teardrop flows
When there is a little pain it's not a constant pain it kinda j
ust comes and goes
It comes and goes all right
I tell 'em that it comes and goes
