

Just For What I Am

Connie Smith

Blue ain't just the word, it's a feeling
A feeling of loneliness that I can feel right now
Love has looked at me but tried to change me
I wish that love would take me just for what I am

Just for what I am, I want someone to love me
Someone who won't expect me to be like their old memory
Just for what they see, just for being me
I want someone to love me just for what I am

Cry ain't just a sound, it's a sadness
A sadness that lives with me, and follows me around
Love wants me to be someone I can't be
I wish that love would take me just for what I am

Just for what I am, I want someone to love me
Someone who won't expect me to be like their old memory
Just for what they see, oh just for being me
I want someone to love me just for what I am
I want someone to love me just for what I am
