

# Drowning

Conor Maynard

No, no, no, no, no  
Uh, wait

You, gotta excuse me  
You see I went looking for yesterday  
That's where I think all the good memories of you and me, went, yeah  
So I'm swimming in a sea of forgetfulness  
Just to get a glimpse of the you I remember, damn (Damn)

I miss you cause the one I'm lookin' at right now  
She, looks just like sounds just like feels just like you  
But I'm so confused cause she don't seem like you  
So when I get there

I'll be drowning, drowning  
I'll be drowning  
In our memories  
When I get there  
I'll be drowning  
I'll be drowning  
I'll be drowning  
In our memories  
I'd rather be there than here

I, don't, want a life saver (No)  
Unless it's gonna save this love  
If it's not, then leave me right here  
Let me breathe in the moments I won't let go, of  
I wish you'd get back to that girl  
The one that I remember as my lover, damn (Damn)

I miss her cause the one I'm lookin at right now  
She, looks just like sounds just like feels just like you  
But I'm so confused cause she don't seem like you  
So when I get there

I'll be drowning, drowning  
I'll be drowning  
In our memories  
When I get there  
I'll be drowning  
I'll be drowning  
I'll be drowning  
In our memories  
I'd rather be there than here

I'd rather be there than here  
I'd rather be there than here  
I'd rather be there than here  
Than here  
Than here
