

Kinda Sorta Love

Conor Maynard

Tired of trying to be who I think you want,
tired of feeling like I'm not good enough,
tired of wondering if there's someone you want more than me,
I'm just sick and tired of... of this kinda sorta love,

if it isn't me I wish you would say it,
if it isn't me wish you would let me know,
cause I don't wanna be, don't wanna be that fool that's stuck in a kinda sorta love,
I can't do this, a kinda sorta love,
I can't do this, a kinda sorta love,
said I don't wanna be that fool that's stuck in a kinda sorta love,

I can't do this. I can't be the one everybody's laughing at, no,
I can't do this,
cause everybody already knows you're creepin' behind my back,
I can't be the fool hearing you say you love me, no, there's no truth to that,
but you say there's nothing wrong, I just feel like you're stringing me along,

if it isn't me I wish you would say it,
if it isn't me wish you would let me know,
cause I don't wanna be, I don't wanna be that fool that's stuck in a kinda sorta love,
I can't do this, a kinda sorta love,
I can't do this, a kinda sorta love,
said I don't wanna be that fool that's stuck in a kinda sorta love,

I can't be the one, I can't be the one, cause everybody already knows you're creepin' behind my back
I can't be the fool hearing you say you love me, no, there's no truth to that,
but you say there's nothing wrong, I just feel like you're stringing me along,

if it isn't me I wish you would say it,
if it isn't me wish you would let me know,
cause I don't wanna be, I don't wanna be that fool that's stuck in a kinda sorta love,
I can't do this, a kinda sorta love,
I can't do this, a kinda sorta love said I don't wanna be that fool that's stuck in a kinda sorta love,
I can't do this, let me know, I can't do this
