Stranded Stranded im so stranded  
Oh oh baby oh

it's over and done now..  
and now i'm sitting here, thinking that I made the mistake of my life babe  
and after having the worse fight, we ever had.. I said I wanna move on baby  
for so many days you were only tryin' to love me, I was so immature baby  
so many girls, I was getting attention  
but I'm grown now, and all this spending time that I didn't wanna do is cos I didn't wanna settle down..  
but my soul reach, a heart that I was killing that's not all I could think about..  
now, I was wrong baby.. when I have the chance baby,  
and I ran away the closest thing to me.. Girl, I'm stranded

Girl, I'm stranded  
all that we had is gone and i'm sad baby  
what am i gone do now..  
Girl, I'm stranded  
all that we had is gone and i'm sad baby  
what am i gone do now.. Listen

none of those, calls that I would recieve when you use to plead for me asking who was she  
have stopped coming in, but girl i don't even want somebody touching me when the chemistry ain't even you and me  
cos sex with no emotion ain't nothin' to talk about  
i'm at the point that i'm looking for riddance baby..  
cos mama use to tell me when a good thing comes around  
boy, you better seize the moment baby.. cos nothing is promised tomorrow.. Girl, I'm stranded

Girl, I'm stranded  
all that we had is gone and i'm sad baby  
what am i gone do now..  
Girl, I'm stranded  
all that we had is gone and i'm sad baby  
what am i gone do now..
