

Tryin'

Conor Maynard

I've been watching you from here
Hoping that you'll overhear
My heart, it beats loud and clear
It's all, it's all for you
Anything I try and be
You can't help but oversee
Why can't you believe in me
You're blind, you're blind off of me

You know I want you
Been trying every
Way that I could do
Trying my best to prove
That I'm good for you
But as I face the truth
No it will never be you

I've been trying, trying, trying to be strong
But I, I, I was so wrong
Lying, lying to myself is all I do
Cause you've been doing this to me for so long

I came marching in this war
Cause fighting makes me want you more
Please don't go and prove me wrong
Girl can't you see that I love you

You know I want you
Been trying every
Way that I could do
Trying my best to prove
That I'm good for you
But as I face the truth
No it will never be you

I've been trying, trying, trying to be strong
But I, I, I was so wrong
Lying, lying to myself is all I do
Cause you've been doing this to me for so long
