

German Chocolate

Conor Oberst

Your lips are ruby red
The color of my blood
The color of my life
Your hair is german chocolate
German chocolate
The color of the night
And when I look into your starry eyes
Girl, you know that I'm hypnotized
And mesmerized
And don't you know,
Don't you know that I love you so
I never want to let you go
German chocolate, chocolate
I will never let you go
Don't you know that I love you so
I never want to let you go
I'm never gonna let you go
