

We're living in the twilight time  
When truth is lie and lie is fine  
Innocent martyrs are living in hell  
Who can break this spell?

Earth! What is happening with your kids?  
We have to stop these dirty deeds  
Mankind is falling monsters on top  
Madness has to stop

[Chorus:]  
Shine my sword like the sun  
Lead me forward  
Drink the enemy's blood  
Smash everyone

Men! Don't you see we're occupied?  
We can not hide we have to fight!  
Someday we'll win and world will be free  
It's our destiny.
