

# Going Thru Withdrawal

## Consequence

I spend money all night  
And take you shoppin all day  
Yeah you know we placin  
When you see us in the club  
Let me hear you say eeeyyy!

I think I'm going through withdrawal  
Cause we done been through it all  
So I'm wishing you applaud  
Even if it means that I gotta make a withdrawal  
I spend money all night  
And take you shoppin all day  
Anything to make the pain go away  
But anytime it comes around  
Only thing that I can say is  
I think I'm going through withdrawal

I guess to my honey, I'm a drug consuelor  
Cause all the drug money, that I used to trap with her  
Made me call the canada, cause 7 days a week  
I be in the days, with my lace feeling weak  
So I'm in too deep, to think about recovery  
Cause I've become addicted to the bright lights and bubbling  
So I made me in the ...but let a player hate  
And play himself out of position  
I won't catch a case but my trigger finger will be itching  
Fresh out the kitchen looking clean as a brody  
That's why these bad bitches all got on me  
Girl your ass look like a white line  
The kind of bump that I be hittin by the night time  
Feeling real numb's one the first to admit  
That I be fiending for your love  
I think I'm going through withdrawal

I think I'm going through withdrawal  
Cause we done been through it all  
So I'm wishing you applaud  
Even if it means that I gotta make a withdrawal  
I spend money all night  
And take you shoppin all day  
Anything to make the pain go away  
But anytime it comes around  
Only thing that I can say is  
I think I'm going through withdrawal

Getting money's like drugs to a thug  
Pretty chicks with fat ass and hugs  
Give me applause, I get so high  
I love when I get so fly  
You just don't die, you gotta live  
Be a bunch of bizz, can't be broke  
So some gotta give  
I be fiending for things just gleaming  
Like dope fiends know they leanin  
Out of the scene  
And the baddest clothes, with the baddest hoes  
Love lavish, can't do average know

I had to go, chase that paper  
Tell mami, go shake that maker like it's gelatine  
I'm in heaven and then it's hell again  
Live today, tomorrow is irrelevant  
I'm so leverage and I love to ball  
That's the reason that

I think I'm going through withdrawal  
Cause we done been through it all  
So I'm wishing you applaud  
Even if it means that I gotta make a withdrawal  
I spend money all night  
And take you shoppin all day  
Anything to make the pain go away  
But anytime it comes around  
Only thing that I can say is  
I think I'm going through withdrawal

She got me going, she got me blowing  
Designer overdozin, her ass swollen  
Kid lotto, baby girl got me frozen  
I couldn't even pronounce that bag she was holdin  
Been about an hour since the last time we spoken  
I'm hopin, she in motion  
She only stay 20 minutes from my condo  
When I already watched the first 48 episodes in  
You do the math, I'm on thirst mode and I have  
Got my father sellin window, shooting through the glass  
Like a square with you queer, I'ma blow some fuckin ass  
That's sad than a motherfucker  
Real nigga, going through withdrawal like a motherfucker  
...door like a motherfucker  
Know a lot of girls but tonight, I don't wanna fuck another

I think I'm going through withdrawal  
Cause we done been through it all  
So I'm wishing you applaud  
Even if it means that I gotta make a withdrawal  
I spend money all night  
And take you shoppin all day  
Anything to make the pain go away  
But anytime it comes around  
Only thing that I can say is  
I think I'm going through withdrawal
