

# I've Been About

## Consequence

I've been about, I've been about my paper for way too long  
I've been about, go under my couch, if you're running your mouth, yeah  
I've been about, I've been about my paper for way too long  
I've been about, having something to count,  
So I could catch stunt and I'm out

Ah, it's lonely when you don't know who your homies are  
That's why I rhyme like there's no tomorrow  
So I could back Tony or tomorrow  
Or any other... worth the call  
Rock, but the pigs wanna see me whole  
Tied, is it better to let sleeping dogs  
Lie, I guess the joy to make big Shawn,  
Proud, and the few to make...  
Die, is the fuse that refuse and amuse  
So excuse to review these reviews  
When they all lie  
And they all try, to show the... all dry, ah  
But I could... about the middle midgets  
Cause I have seen more... than general bizness  
So I don't really care when they running their mouth  
I'm here to catch the stunting I'm out, ah

I've been about, I've been about my paper for way too long  
I've been about, go under my couch, if you're running your mouth, yeah  
I've been about, I've been about my paper for way too long  
I've been about, having something to count,  
So I could catch stunt and I'm out

I had to turn the back, drank... cause they didn't want me...  
Saying... hitting me below the knees  
They want me overseas...  
And... anybody else who used to...  
Well you got the wrong man, and post it...  
My men... they get the check... whenever I pin bars  
So pin the charge and hope they stick  
Otherwise you could suck my...  
Cause I don't care how you motherfuckers get this deal  
I... some skills... steal  
Being... I still, for real, I'm I'll  
... you think you disrespect us...

I've been about, I've been about my paper for way too long  
I've been about, go under my couch, if you're running your mouth, yeah  
I've been about, I've been about my paper for way too long  
I've been about, having something to count,  
So I could catch stunt and I'm out

Make my money, money, money, hey  
I'm gonna make my money, tonight  
Make my money,  
I'm gonna make my money, tonight  
Make my money,  
I'm gonna make my money, tonight  
If you make money,  
Then let's go make this money tonight

I've been about, I've been about my paper for way too long  
I've been about, go under my couch, if you're running your mouth, yeah  
I've been about, I've been about my paper for way too long  
I've been about, having something to count,  
So I could catch stunt and I'm out.
