

The Whole World

Consequence

He's got the whole world in his hands
The whole world in his hands
And it's a cold world that touch the heart of a man
Some pull as hard as you can, as hard as you can
He's got the world

Oh, all of my heroes, all of my heroes have gone away
And left me, left me here?
Left me here pretty compromised
Left why did the monsters come?

He's got the whole world in his hands
The whole world in his hands
And it's a cold world that touch the heart of a man
Some pull as hard as you can, as hard as you can
He's got the world

Oh, all of my faith has been drained
There's some things I can't explain, I know it's time for change
A change in me, a change in the world I'm about to see
Cuz I've been victimized, I ain't gonna see a villain inside

He's got the whole world in his hands
The whole world in his hands
And it's a cold world that touch the heart of a man
Some pull as hard as you can, as hard as you can
He's got the world

Sister Abigail warned me bout them rabbit tails
And em horse shoes, and em court rooms
Damn, we're more doomed, the hawk and animal
To the point where history becomes annual
Nothing can be amical but when you tryna stop profit
Nah, they just label you as a false prophet
And claim that you talk to a society Then put their fbi's on me
I guess that irony is destroyin' me from the inside
And this entirety will inspire me to untie this tyranny
So there's two choices, either hire or retire me
But don't no denyin' me, but both are wiser than a dynasty
He's got the whole world in his hands
The whole world in his hands
And it's a cold world that touch the heart of a man
Some pull as hard as you can, as hard as you can
He's got the world
