

At Least One Time

Conway Twitty

You keep comin' to me tryin' to look inside my mind well what you see
Are you wonderin' if you're in there well you are but baby you got company
I'm not looking for a place to go when I'll leave I won't be coming back no more
I'm more like a circus show I pitch my tent and then I'll go
So git in line at least one time

I'm not just a side show either step up front but don't just stand and stare
Yeah I'm the main attraction but understand I'll sell my tickets anywhere
I'm not looking for a place to go

You keep comin' to me tryin'
