

Blue Is The Way I Feel

Conway Twitty

Blue, blue
Is the way that I feel
Since you've gone.

I was wrong, so wrong
When I told you our love was deep
I was wrong for so long.

Should have known your love
Was the only love for me
I told your love
I was wrong for so long,

Blue, blue
Is the way that I feel
Since you've gone.

Let it come
Where you'll find
In you heart
To forgive me
For hurtin', for hurtin' you

If you do please come back
And I'll love you forever
Forever my love will be true.

Blue, blue
Is the way I feel
Since you've gone...
