

## Come See About Me

Conway Twitty

Somebody listen  
I'm a voice in the distance  
Crying, come see about me  
I am a stranger in a world filled with anger  
Come see about me.

I'm gettin' weary tryin' to carry  
This load all by myself  
I'm bone tired and fallin'  
Can't you hear me callin'  
I need somebody's help

I am a young man  
Growing wild across this land  
Come see about me  
I'm fourscore and twenty  
I ain't got anybody  
Come see about me.

I'm somebody's children  
Alone and forsaken  
A wave that's lost at sea  
I'm right here behind you  
I'm all around you  
So slow down turn around  
And you will see.

I am your mother  
Your sister and your brother  
Come see about me  
I am a baby  
My mother ain't no lady  
Come see about me.

I am your maker  
The giver and the taker  
Come see about me...
