

## Don't It Feel Good

Conway Twitty

Don't it feel good, babe... don't it feel right  
Lyn' here beside you, holdin' you so tight  
Longin' to satisfy love's appetite  
Don't it feel good, babe... don't it feel right.

I love the way that you touch me, the way that you kiss me  
The soft way you whisper in my ear  
Your lips are burnin' like fire, fillin' me with desire  
Girl, I can't think straight when you; re near.

Don't it feel good, babe... don't it feel right  
Lyn' here beside you, holdin' you so tight  
Longin' to satisfy love's appetite  
Don't it feel good, babe... don't it feel right.

We found a good thing together, so close to each other  
In this lovin' fever that we've caught  
I want to hold you forever... there ain't nothin' better  
Let's just hold on to what we've got.

Don't it feel good babe... don't it feel right  
Lyn' here beside you, holdin' you so tight  
Longin' to satisfy love's appetite  
Don't it feel good, babe... don't it feel right.

Don't it feel good, babe... don't it feel right  
Lyn here beside you, holdin' you so tight  
Longin' to satisfy love's appetite  
Don't it feel good babe... don't it feel right...
