

Fit To Be Tied Down

Conway Twitty

I've always been the travelin' kind
Another town was on my mind
It's not my fault that I was just
Born with a case of wanderlust
But I'm changin' fast
You'll put it all in my past
No more runnin' around
Feel like I'm fit to be tied down

I've loved some women in my time
So I'll leave some broken hearts behind
I know they'll cuss me that much more
But I've found what I've been searchin' for
Yeah I'm changin' fast
You'll put it all in my past
No more runnin' around
I'm finally fit to be tied down

Feel like I'm fit to be tied down
