

## Go Woman Go

Conway Twitty

Go woman go  
Go woman go  
There you stand to  
Tellin' me you're gettin' tired of me.

You're sayin' that I've changed up  
Not the way I used to be  
Well, there's some things I wanna say  
I think you ought to know  
And then I think I'm gonna let you  
Go woman go.

I stood by and watched you  
As you tore my honor down  
I even bought the clothes you wore  
To go out on the town.

I thought you'd have your fling  
And settle down but now I know  
That all you ever wanted  
Was to go woman go.

Now there you stand to  
Tellin' me you're walkin' out the door  
You're sayin' that you've had it  
That you can't stand me no more.

You're thinkin' that I'll take you back  
The way I did before  
But not this time I've set your free  
To go woman go.

Woman, go woman go.  
Woman, go woman go...
