## I Want to Know You Before We Make Love

**Conway Twitty** 

Sometimes all you need is someone to hold you Sometimes that's all you're looking for I'd like to take the time to get to know you I don't want this time to be like all the times before.

I want to hold you before I make love to you I want to show you all of my heart And when I look into your eyes I want to feel the love inside, you I want to know you before we make love.

I've learned from all those lonely nights with strangers
It takes time for real love to be found
I feel the invitation of your body
I'd like to look inside your soul before I lay you down.

I want to hold you before I make love to you I want to show you all of my heart And when I look into your eyes I want to feel the love inside, you I want to know you before we make love.

I want to hold you before I make love to you I want to show you all of my heart And when I look into those eyes I want to feel the love inside, you I want to know you before we make Before we make, love...
