

Looking Through My Glass

Conway Twitty

I looked into my future what did I see
Nothing but a lonely face staring back at me
I looked into my glass of wine and there to my surprise
I saw my dream world fall apart right before my eyes

Looking through my glass of cherry wine
Trying hard to get you off my mind
But all I see is love that didn't last
Yes I can see it all just looking through my glass

And now the glass is empty I'm down to my last dime
Just one more drink that's all I need to ease my troubled mind
So fill it up please Mister this one's got to last
I've got a million years to spend just looking through my glass
Looking through my glass...
