

Love Coming Down

Conway Twitty

I remember how your eyes used to light up over promises I made
But for the first time in my life I know now how it feels to be
afraid

I don't know what I do if you go away this would sure be one lo
nely old town

For a man so busy going up in the world

He couldn't see love coming down love coming down

I remember all the times you told me love's all that mattered t
o you

And looking back now wondering how I believe I had things more
important to do

I can see how I must have looked to you like some fool on a mer
ry-go-round

Another man so busy going up in the world

He couldn't see love coming down love coming down

Can't you see how everything I've learned would just be wasted
if you leave me

If you'll just give it one more try I swear I'll always be here
when you need me

If you can find in your heart to forgive me I'll try to keep my
feet on the ground

Forgive a man so busy going up in the world

He couldn't see love coming down love coming down I need you ba
