

Take Me Home To Mama

Conway Twitty

I want you to take me home to mama
Introduce me to your friends
I want you to take me home to mama
I'm ready to take a chance on love again

I didn't need a lover
I was happy on my own
I didn't want another
Girls are melted for the phone

But since the day I met you
Oh, my attitude has changed
I think I'm gonna let you
Start turning out the flames

Come on and take me home to mama
Introduce me to your friends
I want you to take me home to mama
I'm ready to take a chance on love again

I really want to meet her
I want to raise a doll like you
And tell her that's she's sweeter
Than any other girl I knew

I tell her not to worry
'Cause her baby is in good hands
I don't mean to hurry
But just as soon as you can

I want you to take me home to mama
Introduce me to your friends
Come on and take me home to mama
I'm ready to take a chance on love again

When you started calling
I was just telling time
Then I started fallin'
And here's what's on my mind

I want you to take me home to mama
Introduce me to your friends
Take me home to your mama
I'm ready to take a chance on love again

I'm ready to take a chance on love again
Yeah, I'm ready to take a chance on love again
