

# Without You

Conway Twitty

I've never been above the Mason ' Dixon line  
The cold wind and the snow just ain't my style  
When you left for New York City I stayed behind  
But girl it's not the same without your smile.

You said you hated leavin' but then you were gone  
The big city life was on your mind  
Everyday gets harder for me to carry on  
All alone in this Dixie heart of mine.

Without you, I'm Dixie without Georgia  
These lonely southern nights make me blue  
Without you, I'm Texas without Dallas  
I'm Cajun Country without Baton Rouge  
I'm Dixie without Georgia without you.

I'm southern born and bred just like a magnolia tree  
I'm honeysuckle clingin' to the vine  
I had it all together when you were with me  
Right here in this Dixie heart of mine.

Without you, I'm Dixie without Georgia  
These lonely southern nights make me blue  
Without you, I'm Texas without Dallas  
I'm Cajun Country without Big Mamaux  
I'm Dixie without Georgia without you.

Hey, without you, I'm Dixie without Georgia  
These lonely southern nights make me blue  
Without you, I'm Texas without Dallas  
I'm Memphis, Tennessee without the blues'  
I'm Dixie without Georgia without you...
