

There Cannot be a Close Second

Copeland

You've got an extra special heart
A perfect light that shines through
And it seems the hardest part
Is shining back at you
Shining back at you

So forgive me
Cause I don't know what to do
When you look at me
There can be no hesitation
There cannot be a close second to you
I don't know what to do
When you look at me
When you look at me

I've got a perfectly normal heart
Bruised and broken from within
At times I don't know how to start
To let you in here
To let you in here

So forgive me
Cause I don't know what to do
When you look at me
There can be no hesitation
There cannot be a close second to you
I don't know what to do
When you look at me
When you look at me
Cause I don't know what to do
When you look at me
There can be no hesitation
There cannot be a close second to you

To let you in here

So forgive me
Cause I don't know what to do
When you look at me
There can be no hesitation
There cannot be a close second to you
I don't know what to do
When you look at me
There can be no hesitation
There cannot be a close second to you
