

## Walking Downtown

Copeland

We were walking downtown yeah  
My favorite part of town  
(walking downtown)  
We were walking downtown yeah  
My favorite part of town  
(walking downtown)

Through the night  
We were waiting for a sign  
Maybe rendered in the darkened sky  
Drawn by imaginary lines  
Connecting radiant points of light  
(please don't go)  
Cause you showed up with your hair down  
I might not sleep tonight

We were walking downtown yeah  
My favorite part of town  
(walking downtown)  
We were walking downtown yeah  
My favorite part of town  
(walking downtown)

Lift your gaze from the pavement  
From the streets  
That we've crossed a thousand times before  
Dry your eyes  
There are birds singing on lamp posts  
They don't know what all your crying's for  
(please don't go)  
And I'm sure that I've not seen  
The Christmas lights this bright before

We were walking downtown yeah  
My favorite part of town  
(walking downtown)  
We were walking downtown yeah  
(walking downtown)  
My favorite part of town  
(walking downtown)  
We were walking downtown yeah  
(walking downtown)  
My favorite part of town  
(walking downtown)  
We were walking downtown yeah  
(walking downtown yeah)  
My favorite part of town  
(walking downtown)
