

## When Finally Set Free

Copeland

Feel the pain teaching us how much more we can take  
Reminding us how far we've come  
Let the pain burn away from our hearts  
We have time to start all over again

Feel the pain teaching us how much more we can take  
Reminding us how far we've come  
Let the pain burn away from our hearts  
We have time to start all over again

Feel the pain teaching us how much more we can take  
Reminding us how far we've come  
Let the pain burn away from our heart  
We have time to start all over again

Well if you would shine your love down here oh  
Make our hearts as perfect as new  
Oh if you would shine your love down here oh

I promise I'll reflect it right back at you  
Oh I promise I'll reflect it right back at you  
Oh I promise we'll reflect it right back at you
