Corbin Bleu

Who was I to think that I would ever be ok
When the one that I need
Is like a hundred thousand miles away
I was tripping to think that I could make
It one day without you
My world's built around you

(Girl)
You're the air that I breathe
(And baby you're the)
You're the one thing I see
(You ought to know that)
I need you with me (no)
Can't take this no more, no, so I got to go

I'd do anything to have you close
Even if I got to swim the ocean alone
It just ain't enough when you're on the phone
I'm coming to get you I got to have you close
Close, I got to have you
Close, I really need you
Close, baby I want you
Just got to have you close
Close, I got to have you
Close, I really need you
Close, baby I want you
Just got to have you close

When I'm with my friends only you stay on my mind
Girl since you been gone
My heart's been beating out of time
I knew the moment that I looked in your eyes
That you're something special
Took it to another level
So I don't need it if ain't you
And I don't want it if I can't have you
Every minute you're away all thru the night and the day
I'm think of you cause

You're the air that I breathe
(And baby you're the)
You're the one thing I see
(You ought to know that)
I need you with me
Can't take this no more, no, so I got to go

I'd do anything to have you close
Even if I got to swim the ocean alone
It just ain't enough when you're on the phone
I'm coming to get you I got to have you close
Close, I got to have you
Close, I really need you
Close, baby I want you
Just got to have you close
Close, I got to have you
Close, I really need you
Close, baby I want you

Just got to have you close

I can't stand another second here without you
There's nothing in this world I wouldn't do
To get close to you
Girl I need you close

I'd do anything to have you close
Even if I got to swim the ocean alone
It just ain't enough when you're on the phone
I'm coming to get you I got to have you close
Close, I got to have you
Close, I really need you
Close, baby I want you
Just got to have you close
Close, I got to have you
Close, I really need you
Close, baby I want you
Just got to have you close
