Yeah Ahh

Lookin right
Wishin we could rewind
Changin every wrong to right
That ya see

If you could Don't you think that you would Make your world Just like you want it to be

Now it's never to late
There's a will
There's a way
Gotta stay in the game
Go the distance
Cuz you live and you learn
That it takes a lot of work
But you win in the end
With persistance

Mix it up
Get it right
Go for another try
But you
Run it back again (run it back hey)
Replay
Hit rewind
This time you do it right
But you
Run it back again
Run it back again
Run it back again
Try again

Never wait around
Cause every minute counts
If you had the time
What would you do with it
Would you change
Show me what would rearrange
If you got the puzzle right
How would the pieces fit

Now it's never to late
There's a will
There's a way
You could save the day
Like a hero
Cause you live and you learn
That it takes a lot a work
Hope that nothings gonna stop
Oh no
Go (ohh)
