Corona

Baby I need your love  
Baby I need your love  
Baby I need your love  
Baby I need your love

Everywhere I go I feel a light upon me tonight's the night  
To hold me tight  
And nothing in the world can shake the notion that you're gonna make it cos  
I  
Need you too

Happiness has embraced me  
I see you look my way  
No no no one could blame me  
If I kissed you  
Over and over, then started all over again  
Again

Baby I need your love  
Gimme gimme your love  
Your love  
Gimme gimme your love

Wohwoh  
Thinking of all the time that we've got  
Makes me wanna  
Uuh don't you read my mind  
Honey where did you get that look  
Boy we should be making love  
Over and over, then start it all over again  
Again

Baby I need your love  
Gimme gimme your love  
Oh oh  
Your love  
Gimme gimme your love

Say uh ah ah chica
