

The Power Of Love

Corona

The power of love, of my love
Stop the motor running
Can't you feel it coming
Love the power of love
No use in denying
Gotta keep on trying

I've got gotta feeling
We're not seeing eye to eye
But we're gonna have a good time
Let's go out tonight
Sure 'nuff kiss and hug you
I wanna wanna love you
Make it last all night tonight
Make up your mind

I wanna be the best
You gotta put me to the test
And now the time has come
For you to be my number one

I wanna be the best
You gotta put me to the test
And now the time has come

Believe me when I say
I can't control myself
And I hope it's not the last time
That we meet we meet
Sure 'nuff kiss and hug you
I wanna wanna love you
Make it last all night tonight
Make up your mind
