

## Lost Curse Of Human Decay

Corpus Christi

When Tthe humans were created  
The almighty God failed  
When God tought he controlled things  
Master Satan was pulling the strings  
We were created to build perfection  
To build earthly paradise  
But we have minds, we do what we want  
No God's will control our thoughts  
Satan's children will dismember  
Will torture the human kind  
Doomed by the night  
Earth is destined to die by human hands  
By the serpent's smile  
Most seeming virtue  
By delight of others pain  
We will fall in Hell  
It does not matter how small are your sins  
You will be away from the light  
Forever lost paradise  
Our kingdom shall be disease
