The Snake Has No Head

Corrosion of Conformity

Invalid at last smothers the working class Nihilist to be turns the scrape into a gash Walking tall and ignorant-this man is now a militant Deceiving the prophets confession to release this endless aggre ssion

One is the soul Amplified Suicide Keeps the masses terrified But there's nothing to kill nothing to kill Nothing left unsaid Cause the snake has no head

But the body fills with greed and we spill when in need And all the slaves are on probation growing fat in a comfortabl e nation So the snake keeps on recruiting we one more royal shooting Nothing left to lose so we create another wound

One is the soul Amplified Suicide Keeps the masses terrified Nothing to kill nothing to kill nothing to kill Nothing left unsaid Cause the snake has no head

Fear of death is gain consuming the weak in shame It's a power we can't see but it leaves ourselves to blame Shameless mourn another day slithering sins fade away But the snake is just a pawn and remains when we are gone

One is the soul Amplified Suicide Keeps the masses terrified Nothing to kill nothing to kill nothing to kill Nothing left unsaid Cause the snake has no head
