

What?

Corrosion of Conformity

Deafness, silence wait for me.
Like it loud, wide open loud.
Won't turn it down for anything

Never learn, let it burn
Burn my hearing, jar my brain
Never learn, let it burn
Beyond the threshold of pain

Say, I'm on the brink
Can't even think
What you say I'm unaware?
What you say I don't care.

Too loud is an idea
I can't comprehend
What you say I'm unaware?
What you say I don't care.
